

SCHOOL ERP SYSTEM

GOAL

School ERP makes it easy for quick and accurate allocation and maintenance of information about the Student and enquiries generated which extensively increase the ability of school personnel's.

The System is a multi user system which takes care and is responsible for entire administrative cycle from starting and going much more beyond.

A photograph of three children, two boys and one girl, smiling and wearing school backpacks. They are standing in a brightly lit, blurred background that suggests a school hallway. The children are dressed in light-colored shirts. The boy on the left is pointing towards the camera, the girl in the middle is leaning slightly to the right, and the boy on the right is pointing towards the camera.

WHY SCHOOL ERP?

The system offers high performance for all departments in the school to constitute relationship among them and drive superior results.

The authorized users can have access to the Integrated database from anywhere and at any time.

The system promotes efficiency , user satisfaction and collaboration of different departments.

- ✓ Application for their requirements.

BIO-METRIC

- ✓ No more forgotten or stolen passwords
- ✓ Positive and accurate identification
- ✓ Highest level of security
- ✓ Offers mobility
- ✓ Impossible to forge
- ✓ Serves as a key that cannot be transferred
- ✓ Safe & User friendly

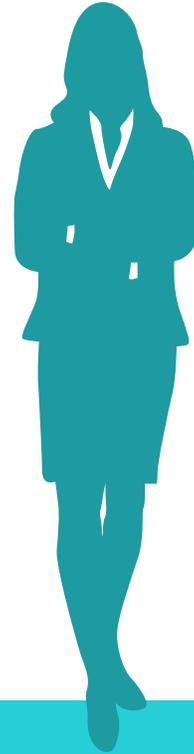

Types Of User For This Software

STUDENT

Student & Parents Panel

TEACHER

Teacher's Panel

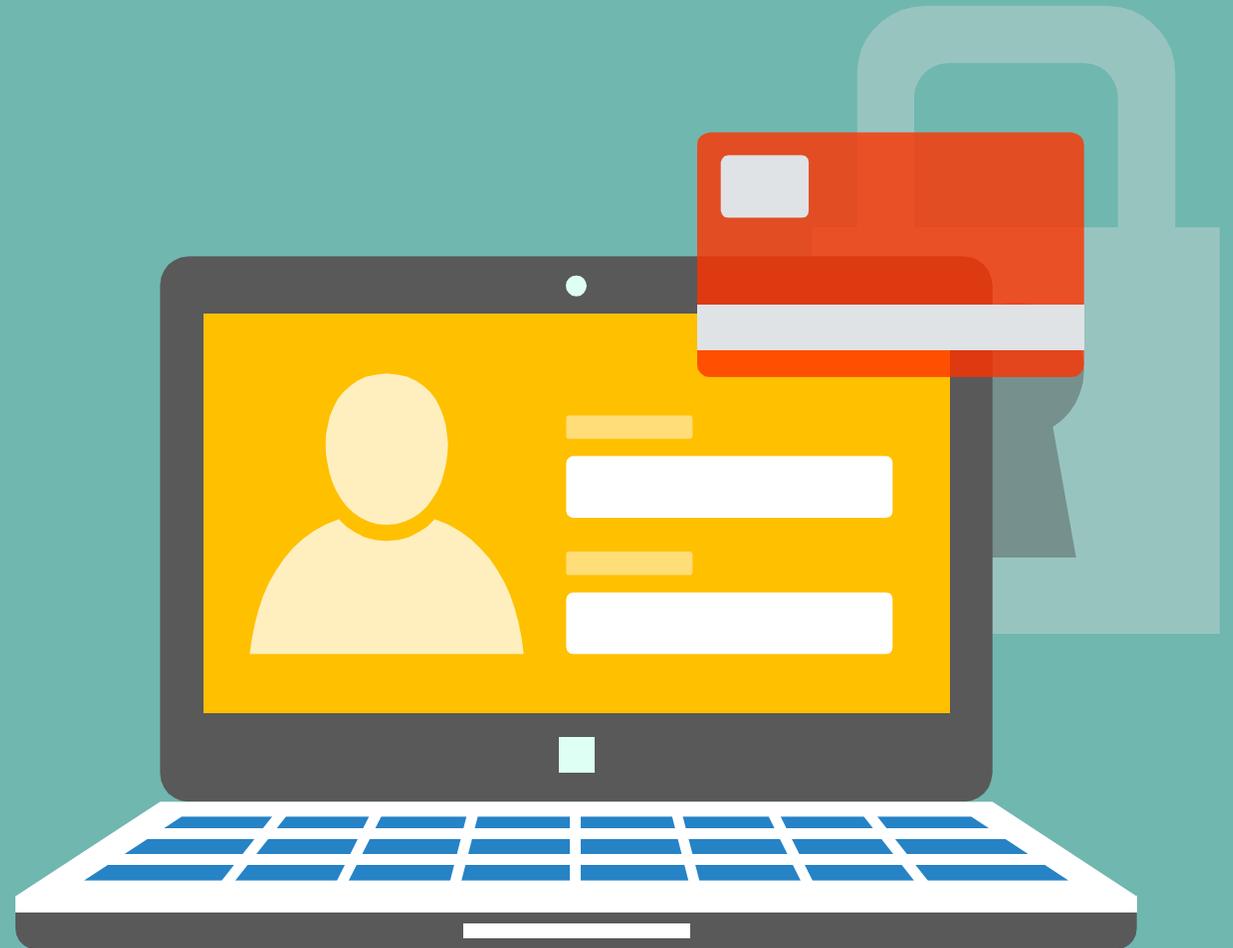

ADMIN

Admin Panel

HUMAN RESOURCE

- ✓ HR Job Application
- ✓ Employee Details
- ✓ Allowance & Deduction Rules
- ✓ Leave and Holidays
- ✓ Month and pay process
- ✓ Ledgers, Reports and Returns(Monthly , Annual)

STUDENT

- ✓ Admission enquiry
- ✓ Registration(old & new)
- ✓ Student Details
- ✓ Family Details
- ✓ Previous Education details
- ✓ Transportation details
- ✓ Medical checkup details
- ✓ Class,house and roll no allocation
- ✓ Subject allocation to student
- ✓ Print I card
- ✓ Account details
- ✓ Student promotion
- ✓ **ATTENDANCE MANAGEMENT**
 - ✓ Daily or summarized Attendance system
 - ✓ Class wise Attendance Reporting as per the statutory requirements and other reporting methods.
 - ✓ Leave application acceptance

STUDENT

✓ MEDICAL CHECK UP MANAGEMENT

- 1) Check-up Type
- 2) Medical Tests as per Check-up Type
- 3) Guest Doctor Profile
- 4) Routine Check-up Transactions (For Students & Staff)
- 5) Previous Check-up Details

✓ REPORTS AND DISPLAY

- 1) Individual Check-up Report
- 2) Class wise Check-up Report
- 3) Staff wise Check-up Reports
- 4) Check-up wise Test List
- 5) Doctor List

ACADEMIC

- ✓ Class management
- ✓ Time Table management
- ✓ Unit & Lesson planning
- ✓ Assessment & Grading
- ✓ Mark sheet Generator
- ✓ Classwork/home work
- ✓ Assignment
- ✓ Activities & Projects
- ✓ Student portal

- ✓ **REPORTS & DISPLAY**
